JOHN G. PLUNKETT, TREASURER
County of Appomattox

Appomattox, Virginia
November 8, 1961

Rev. Johnnie Paige was guest speaker at the Springfield Baptist Church last Sunday evening. The service was rendered by the Ladeis Club of the church.

Misses Hester and Helen Stevens spent the Thanksgiving holiday in Baltimore as the guests of their brothers and sister in law.

The following Appomattox students were home for the holiday: Herbert Williams, Miss Rosetta Lipford, Hampton Institute; Dianna Tibbs, Hersel Forbes, Arlean Walker, Helen Preston,Raymond Lawing, Jr. and James Gafford, Virginia State College; Barbar Reed, Virginia Seminary and Alton Reed; St. Paul College.

Peter Flood and Lesie Robinson of Baltimore, spent the holidays here.

Mr. Rosser Coleman of Baltimore spent several days here with friends

Mr. Edward Tibbs, of Philadelphia, spent the holidays here with his mother, Mrs. Lucy Tibbs.

OAKVILLE HOME DEMONSTRATION CLUB

The Oakville Home Demonstration Club met recently and elected the following slate of officers for the coming year:

President, Mrs. Clark Lewis

Vice-pres., Mrs. W. L. williamson,

Secretary and treasurer, Mrs. E. L. Williamson

Also elected were the following leaders:

Federation Goal leader, Mrs. Mary Moore

Program Development chairman: Mrs. E. L. Williamson

Food Leaders: Mrs. C. D. Lewis, Mrs Berkley Cabaniss

Clothing Leaders: Mrs. Mary Moore, Mrs. Margaret Haris.

Home Furnishings Leaders: Mrs. Harold Stratton, Mrs. Curry Harvey.

Home Management Leaders: Mrs. Roland Smith, Mrs. Huberv Wilkerson.

These members will take office and leadership on Dec. 7, at 7:30 P. M., in the Oakville Elementary School cafeteria, at which time the annual Christmas party will be held.

It is about time for everyone to look for new calendars.

Life would be sweet, no doubt, anywhere, but we rather like Appomattox.

The human race has endured to many crisis that we are inclined to bet that it will survive the present world conditions.

Appomattox is not your neighbor's town; it is your town and you must do your part in making it a good place in which to live.

LUCKY CLOVER 4-H CLUB

The Lucky Clover 4-H Club, of Pamplin, met with Bill Dudley Nov 16. The meeting was called to order by the president, and pledges were said. Miss Hatcher, one of our leaders, gave out project cards. Goals and activities for the year were discussed.

Anne Farrar, Wanda Price, and Kathy Davis were chosen as a new membership committee.

Bill Dudley gave a demonstration on putting out small fires.

Games were played and delicious refreshments were served.

The meeting adjourned to meet again in December.

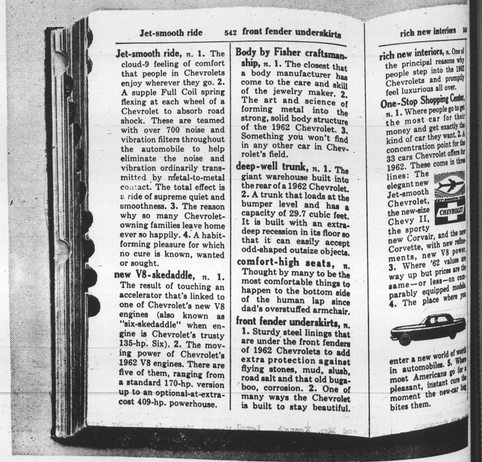
HERE'S WHERE YOU GET THE GOOD WORD ABOUT THE '62 JET-SMOOTH CHEVROLET



Jet-smooth ride, n. 1. The cloud-9 feeling of comfort that people in Chevrolets enjoy wherever they go. 2. A supple Full Coil spring flexing at each wheel of a Chevrolet to absorb road shock. These are teamed with over 700 noise and vibration filters throughout the automobile to help eliminate the noise and vibration ordinarily transmitted by metal-to-metal contact. The total effect is a ride of supreme quiet and smoothness. 3. The reason why so many Chevrolet-owning families leave home ever so happily. 4. A habit-forming pleasure for which no cure is known, wanted or sought.

new V8-skedaddle, n. 1. The result of touching an accelerator that's linked to one of Chevrolet's new V8 engines (also known as "six-skedaddle" when engine is Chevrolet's trusty 135-hp. Six). 2. The moving power of Chevrolet's 1962 V8 engines. There are five of them, ranging from a standard 170-hp. version up to an optional-at-extra-cost 409-hp. powerhouse.

Body by Fisher craftsmanship, n. 1. The closest that body manufacturer has come to the care and skill of the jewelry maker. 2. The art and science of forming metal into the strong, solid body structure of the 1962 Chevrolet. 3. Something you won't find in any other car in Chevrolet's field.

deep-well trunk, n. 1. The giant warehouse built into the rear of a 1962 Chevrolet. 2. A trunk that loads at the bumper level and has a capacity of 29.7 cubic feet. It is built with an extra-deep recession in its floor so that it can easily accept odd-shaped outsize objects.

comfort-high seats, n. Thought by many to be the most comfortable things to happen to the bottom side of the human lap since dad's overstuffed armchair.

front fender underskirts, n. 1. Sturdy steel linings that are under the front fenders of 1962 Chevrolets to add extra protection against flying stones, mud, slush, road salt and that old bugaboo, corrosion. 2. One of many ways the Chevrolet is built to stay beautiful.

rich new interiors, n. One of the principal reasons why people step into the 1962 Chevrolets and promptly feel luxurious all over.

One-Stop Shopping Center, n. 1. Where people go to get the most car for their money and get exactly the kind of car they want. 2. A concentration point for the 33 cars Chevrolet offers for 1962. These come in three lines: The elegant new Jet-smooth Chevrolet, the new-size Chevy II, the sporty new Corvair, and the new Corvette, with new refinements, new V8 power. 3. Where '62 values are the way up but prices are the same—or less—as comparably equipped models. 4. The place where you

enter a new world of wonder in automobiles. 5. Where most Americans go for a pleasant, instant cure for the moment the new-car bug bites them.

WATER DEVELOPMENT AND SOIL LOANS

Loan funds are available to eligable Appomattox County farmers who wish to develop water supply systems for irrigation, household use and livestock; to drain farm land; and to carry out soil conservation measures, reports Charles D. Lewis, chairman of the local Farmers Home Administration county committee.

Mr. Lewis points out that these funds can be extremely useful in developing the water and land resources of the community.

Each dollar used wisely in developing and conserving water and land resources, helps prevent crop failures, boosts farm income and increases the value of local property.

Loans may be obtained to clear land, carry out basic land treatment practices, including liming, fertilizing, and seeding, purchasing posts, wire, other fencing materials, plant trees and establish permanent pastures.

Farmers pay 5 per cent interest on water development and soil conservation loans, Mr. Lewis said.

Further details may be obtained from the Farmers Home Administration office located at Farmville.

Hunter P. Evans is the County Supervisor. Mr. Evans also has part-time office hours at Appomattox, at the ASC office on Tuesday mornings, from 9:00 to 9:30 A. M.

KNOW THE WEATHER

By E. H. Sims

Why do horns, whistles and other noises often sound different, or hollow, just before a rain.

Having established, in an earlier weather piece, that these noises are different, let us look at the cause. Immediately before a rain the ceiling of the cloud base often lowers and one gets a sort of echo board effect with sounds.

Train whistles, boat horns, or the grind of an aircraft engine reach one's ear with a different sound or tone. It is a weather clue. It usually means rain is coming.

It is most valuable as a signal at night, when clouds can't be seen well. Sailors, or others, noting this change in sounds, can prepare for possible rain in a matter of minutes or hours.
